Interpretation: **TOTAL SCORE:** _____

0-10 No or little emotional eating: Your weight management efforts should be relatively uncomplicated by emotional issues.

11-20 Mild emotional eating: You may experience difficulty achieving weight management goals due to emotional obstacles.

21-30 Moderate emotional eating: You will probably encounter emotional obstacles to healthy weight management and should consider being coached.

31-40 Severe emotional eating: Significant obstacles exist to healthy weight management, and coaching is strongly recommended.
